

PRESIDENT

MV President is a vessel that meets all expectations – in size, in service but in impression too. Up to 40 passengers can find their place in the sun here, and enjoy what this luxury vessel has to offer. Whether it's an outdoor lounge area or a hot tub on the sun deck, President has it. If this is not enough, imagine waking up in the morning and your bedroom view is the coast of Croatia or a hidden bay where you will swim moments from then. This experience can be either fun or romantic, or better yet, both!

PRESIDENT
