Cruising speed	12 knots
Engine	2 x 750 boudouin heavy du

# Exterior

Guests will be spoilt for choice on deck

The main deck aft offers a sociable space ideal for leisurely al fresco meals and is sheltered by the flybridge overhang and lit by sophisticated lighting at night.

There is also an open lounge from where guests can take in the views while sipping a pre-dinner drink.

The flybridge is beautifully designed and zoned to create distinct spaces for dining, sun bathing or having a drink.

There is also an amazing jacuzzi surrounded by sun pads and a circular bar.

# Interior

Spacious and contemporary main salon

The herringbone woodblock flooring, neutral contemporary soft furnishings and huge windows make the space a haven from the sun but certainly not away from light.

A small open lobby leads into the bar and lounge space, while the more formal 12-seater dining setting fills the forward area of the salon. A fold-out balcony to port offers a lovely peaceful spot overhanging the water.

# Accommodation

Six luxurious ensuite staterooms

Few sailing yachts have such superior staterooms and are decorated with a muted palette of soft grey, warm wood and accents of subtle blue.

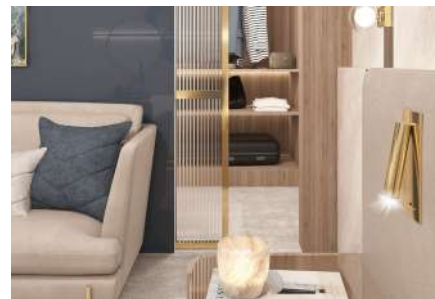

The ensuite bathrooms blend perfectly into the suites and cleverly echo the colour scheme with the master ensuite boasting a full bathtub.

All the suites are spacious, light, with comfortable beds and plenty of storage for guests.
